2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

SECTION 4: First aid measures

4.1 Description of first aid measures

| General advice | : | Move out of dangerous area. Show this safety data sheet to the doctor in attendance. Do not leave the victim unattended. |
|---------------------------------|------|---|
| If inhaled | : | Consult a physician after significant exposure. If unconscious, place in recovery position and seek medical advice. |
| In case of skin contact | : | If skin irritation persists, call a physician. If on skin, rinse well with water. If on clothes, remove clothes. |
| In case of eye contact | : | Flush eyes with water as a precaution. Remove contact lenses. Protect unharmed eye. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist. |
| If swallowed | : | Keep respiratory tract clear. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician. Take victim immediately to hospital. |
| 4.2 Most important symptoms a | nd e | effects, both acute and delayed |
| Risks | : | May cause an allergic skin reaction. May cause respiratory irritation. May cause drowsiness or dizziness. Repeated exposure may cause skin dryness or cracking. |
| 4.3 Indication of any immediate | med | lical attention and special treatment needed |
| Treatment | : | Treat symptomatically. |

according to Regulation (EC) No. 1907/2006

SECTION 5: Firefighting measures

| : | Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical |
|-----|--|
| : | High volume water jet |
| the | e substance or mixture |
| : | |
| : | No hazardous combustion products are known. |
| | |
| : | In the event of fire, wear self-contained breathing apparatus. |
| : | Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. For safety reasons in case of fire, cans should be stored sepa- rately in closed containments. Use a water spray to cool fully closed containers. |
| | : the : |

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

| Personal precautions | Use personal protective equipment. Remove all sources of ignition. Evacuate personnel to safe areas. Beware of vapours accumulating to form explosive concentra- tions. Vapours can accumulate in low areas. |
|-------------------------------|--|
| 6.2 Environmental precautions | |

| Environmental precautions | : | Prevent product from entering drains. |
|---------------------------|---|---|
| | | Prevent further leakage or spillage if safe to do so. |
| | | If the product contaminates rivers and lakes or drains inform |
| | | respective authorities. |

6.3 Methods and material for containment and cleaning up

| Methods for cleaning up | : | Contain spillage, and then collect with non-combustible ab- |

miculite) and place in container for disposal according to local / national regulations (see section 13).

6.4 Reference to other sections

See sections: 7, 8, 11, 12 and 13.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

| | Advice on safe handling | : | Avoid formation of aerosol. Do not breathe vapours/dust. Avoid exposure - obtain special instructions before use. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the ap- plication area. Take precautionary measures against static discharges. Provide sufficient air exchange and/or exhaust in work rooms. Open drum carefully as content may be under pressure. Dispose of rinse water in accordance with local and national regulations. Persons susceptible to skin sensitisation problems or asthma, allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being used. |
|-------|---|-----|--|
| | Advice on protection against fire and explosion | : | Do not spray on a naked flame or any incandescent material. Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapours). Keep away from open flames, hot surfaces and sources of ignition. |
| | Hygiene measures | : | When using do not eat or drink. When using do not smoke. Wash hands before breaks and at the end of workday. |
| 7.2 (| Conditions for safe storage, i | ncl | uding any incompatibilities |
| | Requirements for storage areas and containers | : | No smoking. Keep container tightly closed in a dry and well- ventilated place. Containers which are opened must be care- fully resealed and kept upright to prevent leakage. Observe label precautions. Electrical installations / working materials must comply with the technological safety standards. |
| | Further information on stor- age conditions | : | Protect from moisture. |
| | Further information on stor- age stability | : | No decomposition if stored and applied as directed. |
| 7.3 | Specific end use(s) | | |
| | Specific use(s) | : | For further information, refer to the product technical data sheet. |
| | | | Consult the technical guidelines for the use of this sub- stance/mixture. |

8.2 Exposure controls

| Personal protective equipment | | | | | |
|-------------------------------|---|--|--|--|--|
| Eye protection | : | Equipment should conform to EN 166 Eye wash bottle with pure water Tightly fitting safety goggles | | | |
| Hand protection | | | | | |
| Gloves | : | Viton® (> 0,6 mm; < 240 min); DIN EN374 PE laminate (> 0,1 mm; < 240 min); DIN EN374 | | | |
| Remarks | : | Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. Also take into consideration the specific local condi- tions under which the product is used, such as the danger of cuts, abrasion, and the contact time. | | | |
| Skin and body protection | : | Impervious clothing Choose body protection according to the amount and con- centration of the dangerous substance at the work place. | | | |
| Respiratory protection | : | Use respiratory protection unless adequate local exhaust ventilation is provided or exposure assessment demonstrates that exposures are within recommended exposure guidelines. Equipment should conform to EN 14387 | | | |
| Filter type | : | Organic vapour type (A) | | | |

Respiratory or skin sensitisation

Skin sensitisation

May cause an allergic skin reaction.

Respiratory sensitisation

Not classified based on available information.

Product:

Remarks : Causes sensitisation.

Components:

 Hexamethylene-di-isocyanate, polymer:

 Result
 : Probability or evidence of skin sensitisation in humans

Germ cell mutagenicity

Not classified based on available information.

Carcinogenicity

Not classified based on available information.

Components:

Solvent naphtha (petroleum), light arom.; Low boiling point naphtha -unspecified:

Carcinogenicity - Assessment : Classified based on benzene content < 0.1% (Regulation (EC) 1272/2008, Annex VI, Part 3, Note P)

Reproductive toxicity

Not classified based on available information.

STOT - single exposure

May cause respiratory irritation. May cause drowsiness or dizziness.

Components:

| ment and the Council concerning the export and import | |
| of dangerous chemicals | |
| | |
| Seveso III: Directive 2012/18/EU of the Euro-P5c pean Parliament and of the Council on the control of major-accident hazards involving dangerous substances. | FLAMMABLE LIQUIDS |
| | |

Other regulations:

Take note of Directive 92/85/EEC regarding maternity protection or stricter national regulations, where applicable.

Take note of Directive 94/33/EC on the protection of young people at work or stricter national regulations, where applicable.

15.2 Chemical safety assessment

A Chemical Safety Assessment is not required for this substance.

SECTION 16: Other information

Full text of H-Statements

| H225 H226 H304 H312 H315 H317 H319 H332 H335 H336 | | Highly flammable liquid and vapour. Flammable liquid and vapour. May be fatal if swallowed and enters airways. Harmful in contact with skin. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. Harmful if inhaled. May cause respiratory irritation. May cause drowsiness or dizziness. |
|--|---|--|
| H373 | : | May cause damage to organs through prolonged or repeated exposure. |
| H411 EUH066 | : | Toxic to aquatic life with long lasting effects. Repeated exposure may cause skin dryness or cracking. |
