

Version 1.0	Revision Date: 01.12.2023	SDS Number: MAT000477693 JO/EN	Date of last issue: - Date of first issue: 01.12.2023
SECTION	1: Identification	of the substance/mixture	e and of the company/undertaking

1.1	1.1 Product identifier						
	Trade name	:	MOBIHEL 2K trdilec 750W				
	Product code	:	477693				
1.2	Relevant identified uses of the	e s	ubstance or mixture and uses advised against				
	Use of the Sub- stance/Mixture	:	Coatings and paints, thinners, paint removers				
	Recommended restrictions on use	:	Reserved for industrial and professional use.				
1.3	Details of the supplier of the	sa	fety data sheet				
	Company	:	Helios TBLUS d.o.o. Količevo 65 1230 Domžale Slovenia				
	Telephone Company	:	386 (1) 722 4383				
	Telefax Company	:	386 (1) 722 4310				
	Responsible/issuing person	:	386 (1) 722 4383 productsafety@helios.si				

#### 1.4 Emergency telephone number

Emergency telephone number: 911

### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

#### Classification (REGULATION (EC) No 1272/2008)

Flammable liquids, Category 2	H225: Highly flammable liquid and vapour.
Eye irritation, Category 2	H319: Causes serious eye irritation.
Skin sensitisation, Category 1	H317: May cause an allergic skin reaction.
Carcinogenicity, Category 2	H351: Suspected of causing cancer.
Reproductive toxicity, Category 2	H361d: Suspected of damaging the unborn child.
Specific target organ toxicity - single ex- posure, Category 3, Respiratory system	H335: May cause respiratory irritation.

Version 1.0	Revision Date: 01.12.2023	SDS Number: MAT000477693 JO/EN	Date of last issue: - Date of first issue: 01.12.2023

Specific target organ toxicity - single exposure, Category 3, Central nervous system

H336: May cause drowsiness or dizziness.

#### 2.2 Label elements

Labelling (REGULATION (EC) Hazard pictograms :	No 1272/2008)
Signal word :	Danger
Hazard statements :	<ul> <li>H225 Highly flammable liquid and vapour.</li> <li>H317 May cause an allergic skin reaction.</li> <li>H319 Causes serious eye irritation.</li> <li>H335 May cause respiratory irritation.</li> <li>H336 May cause drowsiness or dizziness.</li> <li>H351 Suspected of causing cancer.</li> <li>H361d Suspected of damaging the unborn child.</li> </ul>
Supplemental Hazard : Statements	EUH066 Repeated exposure may cause skin dryness or cracking.
Precautionary statements :	<ul> <li>Prevention:</li> <li>P201 Obtain special instructions before use.</li> <li>P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.</li> <li>P233 Keep container tightly closed.</li> <li>P261 Avoid breathing mist or vapours.</li> <li>P280 Wear protective gloves/ protective clothing/ eye protection/ face protection/ hearing protection.</li> <li>Response:</li> </ul>
	P370 + P378 In case of fire: Use dry sand, dry chemical or alcohol-resistant foam to extinguish.
Hazardous components which Hexamethylene-di-isocyanate, ethyl acetate	

etnyl acetate 4-methylpentan-2-one toluene 4-isocyanatosulphonyltoluene hexamethylene-di-isocyanate

#### Additional Labelling

"As from 24 August 2023 adequate training is required before industrial or professional use."

Version 1.0	Revision Date: 01.12.2023	SDS Number: MAT000477693 JO/EN	Date of last issue: - Date of first issue: 01.12.2023
		•••	

#### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

#### **SECTION 3: Composition/information on ingredients**

#### 3.2 Mixtures

#### Components

### **SECTION 4: First aid measures**

## 4.1 Description of first aid measures

General advice	:	Move out of dangerous area. Show this safety data sheet to the doctor in attendance. Do not leave the victim unattended.
If inhaled	:	Call a physician or poison control centre immediately. If unconscious, place in recovery position and seek medical advice.
In case of skin contact	:	If skin irritation persists, call a physician. If on skin, rinse well with water. If on clothes, remove clothes.
In case of eye contact	:	Immediately flush eye(s) with plenty of water. Remove contact lenses. Protect unharmed eye. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist.
If swallowed	:	Keep respiratory tract clear. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician. Take victim immediately to hospital.

## 4.2 Most important symptoms and effects, both acute and delayed

Risks : May cause an allergic skin reaction.

Version 1.0	01.12.2023		Number: 000477693 N	Date of last issue: - Date of first issue: 01.12.2023
			Repeated exposure	tory irritation. ness or dizziness. ing cancer. aging the unborn child. e may cause skin dryness or cracking.
	ation of any immediat tment	e meo :	dical attention and Treat symptomatic	special treatment needed ally.
SECTIO	N 5: Firefighting me	asur	es	
5.1 Extin	guishing media			
	able extinguishing medi	a :	Alcohol-resistant fo Carbon dioxide (CO Dry chemical	
Unsı med	uitable extinguishing ia	:	High volume water jet	
5.2 Spec	ial hazards arising fro	m the	substance or mix	ture
-	cific hazards during fire-			if from fire fighting to enter drains or water
Haza ucts	ardous combustion proc	d- :	No hazardous com	bustion products are known
5 3 Advic	e for firefighters			
Spec	-	nt :	In the event of fire,	wear self-contained breathing apparatus.
Furth	ner information	:	must not be discha Fire residues and c be disposed of in a For safety reasons rately in closed cor	contaminated fire extinguishing water must accordance with local regulations. in case of fire, cans should be stored sepa-

## **SECTION 6:** Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions	<ul> <li>Use personal protective equipment.</li> <li>Ensure adequate ventilation.</li> <li>Remove all sources of ignition.</li> <li>Evacuate personnel to safe areas.</li> <li>Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas.</li> </ul>
----------------------	---

Version 1.0	Revision Date: 01.12.2023	SDS Number: MAT000477693 JO/EN	Date of last issue: - Date of first issue: 01.12.2023
		JU/EN	

#### 6.2 Environmental precautions

Environmental precautions	<ul> <li>Prevent product from entering drains.</li> <li>Prevent further leakage or spillage if safe to do so.</li> <li>If the product contaminates rivers and lakes or drains inform respective authorities.</li> </ul>
6.3 Methods and material for con	tainment and cleaning up
Methods for cleaning up	: Contain spillage, and then collect with non-combustible ab- sorbent material, (e.g. sand, earth, diatomaceous earth, ver- miculite) and place in container for disposal according to local / national regulations (see section 13).

#### 6.4 Reference to other sections

See sections: 7, 8, 11, 12 and 13.

### **SECTION 7: Handling and storage**

#### 7.1 Precautions for safe handling

	5	
Advice on safe handling	:	<ul> <li>Avoid formation of aerosol.</li> <li>Do not breathe vapours/dust.</li> <li>Avoid exposure - obtain special instructions before use.</li> <li>Avoid contact with skin and eyes.</li> <li>For personal protection see section 8.</li> <li>Smoking, eating and drinking should be prohibited in the application area.</li> <li>Take precautionary measures against static discharges.</li> <li>Provide sufficient air exchange and/or exhaust in work rooms.</li> <li>Open drum carefully as content may be under pressure.</li> <li>Dispose of rinse water in accordance with local and national regulations.</li> <li>Persons susceptible to skin sensitisation problems or asthma, allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being used.</li> </ul>
Advice on protection against fire and explosion	:	Do not spray on a naked flame or any incandescent material. Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapours). Use only explosion-proof equipment. Keep away from open flames, hot surfaces and sources of ignition.
Hygiene measures	:	When using do not eat or drink. When using do not smoke. Wash hands before breaks and at the end of workday.

### 7.2 Conditions for safe storage, including any incompatibilities

Requirements for storage	:	No smoking. Keep container tightly closed in a dry and well-
areas and containers		ventilated place. Containers which are opened must be care-
		fully resealed and kept upright to prevent leakage. Observe
		label precautions. Electrical installations / working materials

Version 1.0	Revision Date: 01.12.2023		Number: 000477693 N	Date of last issue: - Date of first issue: 01.12.2023
			must comply with the	e technological safety standards.
	ner information on sto stability	or- :	No decomposition if	stored and applied as directed.
7.3 Speci	fic end use(s)			
Spec	cific use(s)	:	For further information sheet.	on, refer to the product technical data
			Consult the technica stance/mixture.	I guidelines for the use of this sub-

### **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

### **Occupational Exposure Limits**

Components	CAS-No.	Value type (Form of exposure)	Control parameters	Basis
